Dear Mr Borman

We are writing to acknowledge the school's Ofsted report following your inspection on 01-02 November 2022 and the numerous positive comments within it. We were delighted to read about the school's achievements and especially, *"Leaders have high expectations of pupils. Pupils are attentive and respectful. They talk to visitors with excitement about their learning. Older pupils act as positive role models for their peers"* - you are to be congratulated on this.

Leading a successful school continues to be an ever-increasing challenge and one that you and your team are responding to in the best interests of the children. We celebrate a range of successful features in Wiltshire schools and many are reflected in your report including:

- Leaders have established a creative and ambitious curriculum. Discrete subjects connect together across the planned topics.
- In early years, the curriculum is ambitious and challenging. Children access all areas of learning that link to their current topic. Phonics and mathematics are part of the provision.
- In all classrooms, mathematical resources are in use across the school. This encourages pupils to continually develop their mathematical skills.
- Pupils secure their early reading knowledge through systematic phonics teaching. This begins in Reception Year, where children are well established in the routines and expectations of the lesson. There is an ambitious reading curriculum that pupils progress through.
- Pupils with SEND are well supported. Staff are trained to identify pupils with SEND early so that support is put in place quickly.

We would like to thank you for all the work you are doing for the children of Wiltshire and we wish the school every success in the future.

Best wishes.

Yours sincerely

Helean Hughes Director -
Education and Skills
